

Welcome to our assembly

What do you think this assembly
Will be about?

Why do we have
school council?

Talk to your
partners about
why we have
school council.

Why do we have school council?

Talk to your partners about why we have school council.

- We have school council because we want to help to improve our education and the school.
- We need school council to represent all of our class's ideas.
- Children, staff and parents working together to make our school an even better place.

How do we vote?

All the school councillors will share their thoughts and then they will vote for the best idea.

Who is your
school councillor?

**The school
council consists
of two people {a
boy and girl}
from each class.**

If you have an idea and are too afraid to share it you can put your ideas and suggestions in the blue box in your class.

Behaviour

School councillors
must be at their best
behaviour at all times.

Everyone's ideas and suggestions are valued.

Every idea of yours will be recorded and decided carefully.

You all have the right to make the school a better place.

Recently we've been discussing the following topics in our meetings:

- Shared reading
- Lunch menus
- Spending our charity money
- School improvements

We hope that you have a better understanding of the role of your school and learning council.

thank you!
